21 April 2026	PsyConnect Career Counselling & Mental Health Lab 2 — *Dehradun*
28 July 2026	PsyConnect Educational Tourism - Nature Retreats

Founder's Reflection

Mr. Shubham Dhakad

Founder & CEO | Career Counsellor
Educational & Counseling Psychologist

I hold a deep sense of gratitude for PsyConnect and the role it has played in my life. Over the past three years, this space has become a place of learning, growth, and self-discovery for me.

The people at PsyConnect have often acted as mirrors, helping me understand my relationships, reflect on myself, and deepen my self-awareness. Perhaps one of the most meaningful aspects of this journey is that PsyConnect has also created a space for others to learn, grow, experiment, and explore their potential.

At PsyConnect, we continuously strive to build a culture where we first make an effort to understand a person's needs and challenges before attempting to offer a solution. This reflects our core value of experimentation taking initiatives that respond to the needs and challenges we observe in society. Our support groups, upskilling programmes, and nature retreats are a few examples of how this value takes shape in practice.

This photobook is a reflection of our journey so far, capturing the people, initiatives, collaborations, and efforts that have shaped PsyConnect. Behind every project is an attempt to create something meaningful, with care and intention.

As you turn the pages of this book, I invite you to reflect on our journey with us. And once you've reached the final page, we'd love to hear your thoughts, reflections, and suggestions. Don't hesitate to share them with us.

After all, PsyConnect has always been a space for learning, reflection, and growing together.

Our Mascot

Wisdom on Four Legs

The Horse Within

The silent guide at PsyConnect

"The horse reminds us: healing begins with trust, presence, and grace."

At PsyConnect, the horse is more than a symbolic presence: it is our living metaphor for growth and connection. Horses carry an innate intelligence that is not spoken but deeply felt. Their strength is quiet. Their awareness is sharp. Their presence is grounding.

We are inspired by how a horse teaches without words.

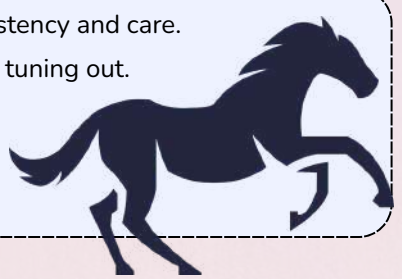

To build trust, not through command, but by consistency and care.

To cultivate emotional sensitivity, by tuning in, not tuning out.

To move with grace, even through discomfort.

To lead with gentleness, not dominance.

To stand in stillness, yet stay deeply connected.

At PsyConnect, we endeavor to carry this wisdom forward in every conversation, every assessment, and every step of guidance.
